Washington, April 15.—Members of the senate and house are much interested in a bill by United States Senator A. B. Fall, of New Mexico, in which the new state's representative in the upper body of congress is seeking to have the government donate to New Mexico a grant of 5,000,000 acres of the public land within the limits of the state for the purpose of aiding in the construction and maintenance of public roads and bridges in New Mexico. Senator Fall is working hard to secure the passage of the bill at an early date. The full text of the measure follows:

A BILL Granting public lands to the state of New Mexico for the construction of public roads and bridges.

Be it enacted by the senate and house of representatives of the United States of America in congress assembled, that for the purpose of constructing and maintaining and assisting in the construction and maintenance of public roads and bridges in the state of New Mexico there is hereby granted to said state 5,000,000 acres of the public lands within the limits of said state.

Sec. 2. That such lands hereby granted shall be selected and located subject to the approval of the secretary of the interior from the unreserved, unappropriated and non-mineral public lands within the limits of said state, by a commission composed of the surveyor general, governor and commissioner of public lands of said state, and shall be selected in tracts of not less than forty acres; and such selections shall conform to the public surveys made by the United States, or by such state under the approval of the secretary of the interior.

Sec. 3. That such lands may be leased or sold as may be provided by the laws of the state of New Mexico, but shall not be sold until after appraisal and advertisement for not less than four weeks in a newspaper published in the district where such lands are located, and shall only be sold to the highest bidder at such sale, and at a price of not less than one dollar and twenty-five cents per acre.

Sec. 4. That upon lands and the proceeds of the lease, sale or rental thereof shall constitute a trust, and the attorney general of the United States shall have authority to prosecute in the name of the United States and in its courts for the district of New Mexico such proceedings at law or in equity as may from time to time be necessary and appropriate to enforce the provisions hereof and of the laws of New Mexico relative to the application and disposition of said lands and the products and funds derived from the same; provided, that nothing contained herein shall be construed as a limitation upon the powers of the state or of any citizen thereof to enforce the provisions of this act or of the laws of New Mexico relative to such lands in the courts of such state and of the United States.

BOTH COAKLEY AND STANTON BELIEVE HE'LL WIN

Interest Among Fight Fans at Fever Heat for Tomorrow Night's Twenty-Round Contest at Elks' Theater.

The day before the twenty-round battle between Frank Coakley, the Fort Wayne, Ind., iron worker, and Walter Stanton, the Pacific coast champion middleweight, finds both men confident that they'll be returned the victor in the contest, which is destined to boost the winner several rungs on the ladder to pugilistic fame, and insure him a match with Jack Mitchell, the champion middleweight of Pennsylvania.

Yesterday Coakley and Stanton's training quarters were thronged with fans and opinion is about evenly divided as to who stands the best chance of scoring a knock out. The fans are not figuring on a draw or twenty-round decision match. They are perhaps correct, since each of the men is in great physical condition and has trained faithfully for the contest. This should insure a clean victory for one or the other.

The seat sale opening saw a rush for reservations which indicates that the house will be sold out by this evening at the latest. Reservation orders are pouring in on Mark Levy, director of the New Mexico Athletic club, from nearby cities, and the attendance from a distance will total no less than several hundred. Five motor parties will come down from Santa Fe; two coach loads of fans are expected from Belen, and there will be at least twenty fans come from Gallup and Las Vegas.

The Day-Nearly bout is not being lost sight of, either, in the intense interest in the main contest. The former exhibition is expected to be a fight well worth the price of admission. It is scheduled for twelve rounds. Day arrives today from Belen.

Coakley rules a slight favorite over Stanton in some quarters.

NEWLY ELECTED BISHOP MAY NOT ACCEPT POST

Chicago, April 15.—There is a movement on foot, it is said, among the laity of the fashionable Kenwood congregation, to persuade the Rev. Herman Page, rector of St. Paul's Episcopal church, not to accept the call to be bishop of the Episcopal diocese of New Mexico, to which the Rev. Mr. Page was elevated on Saturday last by the Episcopal

house of bishops in session at the church of St. John the Divine, New York City.

Rev. Mr. Page's appointment came as a distinct surprise to his congregation, as his name had not been mentioned in connection with the two dioceses in which vacancies were to be filled, those of South Dakota and New Mexico.

He has been rector in Chicago for twelve years, and is not believed to know of his appointment, since he is now on a trip with his wife. They have a son, Herman Arthur Page, who is a student at Harvard.

Ty Cobb Returns to Detroit. Chicago, April 15.—Ty Cobb, outfielder for the Detroit Americans, left his team for Detroit tonight. It was reported he was angry because his slumbers were disturbed by trains passing near his window early today. Manager Jennings stated he was suffering with a cold. Cobb did not play today.
