BURCH ANNOUNCES FOR STATE'S ATTORNEY

Lincoln's County Attorney to Make Race For Democratic Nomination in August.

Formal announcement is made here today by County Attorney W. S. Burch, of his candidacy for the democratic nomination for Commonwealth's Attorney of the Thirteenth Judicial District to fill the vacancy caused by the elevation of Hon. Charles A. Hardin to the judgeship. The nomination will be made in the general primary on Saturday August 3.

There are few better known democrats in this part of the state than Mr. Burch, or more able lawyers, and he starts in this campaign with assurance of support from all over the district. A life-long devotion to the welfare of the party, and a recognized ability in his profession has lead his friends to insist that he is the logical man to fill this responsible position, and they believe that these facts will forcibly appeal to the district and result in his overwhelming nomination.

Mr. Burch is a native of Crab Orchard, Lincoln county, his ancestors having been among the earliest settlers in Kentucky. He graduated from Old Centre College in Danville in 1882, and taught school three years in Crab Orchard and Stanford reading law meanwhile in the office of Judge J. W. Alcorn. In 1895 he was the democratic nominee for Superintendent of Schools but went down in defeat in the general republican landslide when Bradley was elected governor. Mr. Burch is now serving his second term as County Attorney of Lincoln, having defeated Judge J. S. Owsley, Jr., for the nomination the first time and Hon. M. F. North, the second time, and being elected for his present term over Hon. George D. Florence, who is now commonwealth's attorney of this district by appointment to fill the vacancy until an election could be held. Mr. Burch was chairman of the Democratic County Committee during the Sautley-Bell-Hardin campaign, and chairman of the Judicial district committee when Judge Bell was nominated. He has served his party faithfully and well, always responding to its call, and ever working earnestly for its success.

He will make an active campaign for the nomination, visiting and speaking over the whole district. His host of friends in Lincoln are confident of his nomination and election.

TWO STORES ROBBED

SATURDAY NIGHT
Burglars Prize Off Iron Bars at Shugars & Tanner's Drug Store and Newland's Grocery.

Two more stores were burglarized in Stanford last Saturday night. So bold and so successful have been the store robberies here that the question is asked on all sides what will be attacked next. Many fear that the robbers will make an attempt to rob one of the banks and get away with it, as they have succeeded in doing with the various store burglaries to date.

The drug store of Shugars & Tanner and the grocery store of T. D. Newland next door, were both entered Saturday night by robbers. About a dollar in change was secured at each place. So far as can be ascertained nothing but money was sought at either place.

Entrance to the drug store was obtained by prizing out one of the iron bars which protect the windows in the rear. The aperture so made was so small, that many believe a boy must have been put through it, who unlocked the rear door. An effort had been made to force the bolt before the window was attacked.

Mr. Newland's grocery was also entered the back way, the iron bars supposed to be protecting the windows, being prized off with a large wooden scumming. About \$1.30 was obtained from the grocery.

The police were able to obtain no clue to the midnight marauders. Many believed that bloodhounds would have been able to make a splendid trail from both places, but it was concluded not to obtain them, this time. Some special detective work will probably be done on this case.

TAXES RAISER HIGH

But This Time Its The Corporations, Not The People.

Frankfort, Ky., April 15.—Immense increase in the assessments of utility corporations of Kentucky were made tentatively last week by the State Board of Assessment and valuation. The total increase in the assessments as they now stand amounts to \$137,000,000. These increases will net for the State about \$855,000 additional Revenues and if they are allowed to stand the debt of the State would soon be wiped out.

An increase of from \$11,899,200 to \$52,500,000 is made in the assessment of the Louisville and Nashville Railroad, while the assessment of all other big railroads operating in the state is increased practically in proportion. The assessment of the Louisville Railway Company is increased from \$6,800,000 to \$13,900,000.

The companies will have thirty days in which to file complaints against the increase, and it is expected that complaints will be forthcoming from all the other companies whose taxes are intended to be raised.

Increases were made as follows:

Louisville and Nashville Railway, 1911, \$11,899,200; 1912 \$52,500,000.

BIG FIRE AT RICHMOND
A blaze which started in a small stable at Richmond last Friday completely destroyed Blanton & Congleton's lumber yards, causing them a loss of \$30,000 or more, besides doing over \$20,000 damage to adjoining property. Those who suffered in addition to the lumber company were: L. & N. passenger and freight depots, filled with freight, entire loss; nine box cars filled with freight, burned to a crisp; Flat Rock Hotel, entire loss; Madison Tobacco Warehouse, and Ida May Coal Company's offices, considerably damaged.

A small blaze caught from a defective flue at the home of County Clerk George B. Cooper last week, but was quickly extinguished without calling in the fire department.

1,800 PEOPLE GO DOWN WHEN STEAMER SINKS

Titanic, the Largest Ship in World, Hits Iceberg When Crossing Ocean on First Trip.

New York, April 15.—More than 1,800 persons, it is feared, sank to death early today, when within four hours after she crashed into an iceberg, the mammoth White Star Line Steamer Titanic, bound from Liverpool to New York, on her maiden voyage, went to the bottom off the New Foundland banks.

Of the approximately 2,200 persons on board the giant liner some of them of world-wide prominence, only 675 are known to have been saved. The White Star Line offices in New York, while keeping up hope to the last, were free to admit that there had been "horrible loss of life."

Accepting the early estimates of the fatality list, as accurate, the disaster is the greatest in the marine history of the world.

A number of ships went to the rescue called by wireless telegraph. The scene as the Carpathia one of them came up was one of desolation. All that remained of the \$10,000,000 floating palace, on which nearly 1,400 passengers had been voyaging luxuriously to this side of the Atlantic, were some bits of wreckage. The biggest ship in the world had gone down, snuffing out in her downward plunge, it appeared hundreds of human lives.

A significant line in the Cape Race dispatch was the announcement that of those saved by the Carpathia nearly all were women and children. Should it prove that no other vessel picked up any passengers of the sinking liner, this might mean that few of the men on board had been saved, as the proportion of women and children among the passengers was large. The same facts would likewise spell the doom of practically the entire crew of 800.

COL. JACK CHINN IS OUT FOR CONGRESS

COL. CHINN.

Formal announcement of the candidacy of Hon. J. P. Chinn, of Harrodsburg as a candidate for Congress, in this, the Eighth district, is made in the Interior Journal today. The above cut hardly does justice to the good looks of this prominent and popular democrat, who submits his candidacy to the democratic direct primary which will be held on Saturday, August 3rd, next. Col. Chinn known and loved everywhere as Col. "Jack" Chinn, has a great many friends in Lincoln, who will regard very kindly his candidacy, notwithstanding the fact that Lincoln's own favored son is a candidate for re-nomination. As a democrat, he is true and tried, with a record of having always hastened to his party's call and always found enlisted in her behalf. There is probably no better known democrat in Kentucky and there is no doubt but that if honored with the nomination he seeks, he would carry the party's banner to triumphant victory.

So here is to you, dear old Col. Jack. The enemy's never yet seen your back.

You're a trifle handicapped in this game; And you may not win, but you are not to blame.

So we all will love you just the same, So here's to you dear old Col. Jack.

WINDOWS SMASHED BY HEAVY HAILSTONES

While Fruit Trees Were Stripped of Buds and Blossoms Monday—A Midsummer Storm

The heaviest hailstorm that has been experienced in this part of the state in many years was had here shortly after noon Monday. Hailstones almost as large as the proverbial "hen eggs" fell for the space of about fifteen minutes, and did untold damage to buds on fruit trees. Many of the limbs which were just budding, and beginning to bloom, were stripped as cleanly as if they had been pruned with a sharp knife. Window panes were smashed all over town. Many hail stones as large as robin eggs fell, while the marble size were plentiful.

The heavy hail was preceded by a young cyclone, which did some damage especially in southern section of the county. The silo of Will Matheny, on the Somerset pike, was toppled over, and some other damage was done. The storm came up suddenly and was a veritable midsummer affair. Had it been a month later every tobacco bed within the territory of the hail would have been a complete loss.

The glass hot house of Miss Lena Hampton was riddled by the hailstones as if a galling gun had been fired into it from above. Fully two thirds of the glass was shattered and the damage will be very heavy.

Later reports showed that the hailstorm was very local in its scope. Eph Woods reported that there was no hail in his part of the county, and the rural route carriers coming in in the afternoon said that they saw no hail and little rain outside of the city limits.

Mr. Tobacco Grower.—Remember that a hail storm, such as the one Monday, is likely to visit us any time, and destroy your tobacco crop and the product of your year's labor. I insure your tobacco against damage or loss by hail. The only agency at Stanford able to give you this protection. Over 100 losses last year and every one adjusted satisfactorily. Get our rates as soon as your crop is planted. R. M. Newland.

A LEADING PART.

Was Played By Lincoln County Republicans Last Week.

Lincoln county republican leaders played a leading part in the convention of the Eighth district which was held at Shelbyville last week, just prior to the state convention. Mention has already been made that Hon. R. L. Davidson, of this city, presided as chairman over the district convention.

When the time came to elect the Eighth district member of the Republican Central Committee for the State, Hon. George D. Florence, of this city, was chosen for this honor and his uncle, Hon. George L. Davidson was selected as elector for the Eighth district, so that the Lincoln leaders of that party got about all the honors they could at their convention, which goes to show that their leadership, which has repeatedly been maintained here after fights with the party is properly appreciated by the party leaders of the state.

TO THE DEMOCRACY OF LINCOLN COUNTY

As you know I have been appointed Clerk of the Lincoln Circuit Court by Hon. C. A. Hardin to fill the vacancy caused by the death of the lamented Col. J. D. Swope. An election will be held in November to fill the balance of the term to which he was elected and I hereby announce my candidacy for the democratic nomination for the unexpired term, at the primary to be held in August next.

It has been my privilege heretofore to hold this office and from the experience then acquired I feel that I can safely say that I am qualified to discharge its duties with efficiency and dispatch.

I shall be very grateful if you see fit to make me the nominee, and promise to do all you can to carry the standard of the party to victory in November no matter who may be its bearer. Very Respectfully,

J. F. HOLDAM.

HIGH SCHOOL BEATS C. U. SECOND TEAM

Seesaw Ball Game Played Here Friday Proves Interesting Contest Throughout.

In a seesaw game, which was exciting all the way through, the High School ball team defeated the second nine of Central University here Friday afternoon by a score of 9 to 6. There were three C. U. first team men among the visitors, but to even this up Coach Harry Camnitz went into the box for Stanford in the sixth inning, when the collegians began to slam Wesley Embury's offerings all over the lot, so that the game was a pretty even affair after all.

Up until the sixth inning when he "blew," the work of young Embury in the box was superb. For some reason, he apparently weakens toward the latter part of a game. Until the sixth inning he held the visitors to a single hit and runless, but they hammered him for four tallies in the sixth. Camnitz checked the scoring for one inning, but the rah, rah, rah boys found him for three safeties in the eighth, two of them doubles, and managed to shove a couple or more scores over the pan but that was all.

Stanford hit hard all through the game, Capt. Bill McCarty greatly distinguishing himself at the bat by hitting safely every time up, two of them going for two bags, while the others were easy singles. He also played a brilliant game on the green, making but one bobble, a muff on a very low thrown ball. This boy gets better all the time, and can make good in the Blue Grass league. Mike Penny was also very much in the "line" and is putting up the best game behind the bat he has ever shown. He has a magnificent whip, and killed several daring runners who thought to pilfer second on him. Spalding Hill, playing his first game at the keystone sack, was there to receive the throws every time and his work looked good as did that of Cy Anderson at third. The Score:
