VOL. XXXIII. NO. 35

ALL INSANE ARE NOW CARED FOR SCIENTIFIC MANAGEMENT

NEW ALIENIST HAS REVOLU-
TIONIZED ARKANSAS HOS-
PITAL FOR INSANE.

Little Rock, April 13.—Since last September, there has not been a request for admission to the state insane asylum that has been turned down, and there are now 60 unoccupied beds at the institution, the first time in its history.

Not later than July 1, it will be possible to announce that "Arkansas is the only state in the United States that is prepared to care for all its insane." The new annex will then be opened for patients, and no more will it be necessary to confine the unfortunates at their homes, in jails, or private sanitariums. Nowhere in the country can they be given more thorough and scientific treatment than here in Arkansas.

This has been accomplished under the direction of Dr. J. L. Greene, late of Illinois, elected chief physician and alienist. His arrival marked the definite beginning of a complete revolution in the Arkansas hospital. A place of detention has become an institution where the unfortunates are treated physically as well as mentally and the per cent of cures will be greatly increased.

One of Dr. Greene's first steps was to establish a complete hospital with graduate nurses in charge, provided with the best surgical equipment. The hospital was also completely reorganized to improve its sanitary condition, and now it is spotlessly clean and anti-septic throughout. Dr. Greene has made it possible to secure better results at greatly reduced cost in money and labor.

A new steam cooking equipment has been installed with which over 4,000 meals are prepared every day. The kitchen has the most modern and sanitary equipment, with rolled concrete floors, sanitary bases for all furnishings, and is flushed clean after each meal. Since last September over 300 patients have been received, and 250 returned home cured. There were when he came 1,130, now there are 1,162, and present room for 60 more.

PEOPLES' BUILDING SOLD.

Little Rock, April 12.—The incomplete building of the Peoples' Life Insurance Company, which went into the hands of a receiver last year, was sold by the commissioner to George W. Fair, the contractor, for \$23,500.

INVITATION TO BAPTISTS.

New Liberty Baptist church, six miles east of Conway, has extended an invitation for the next fifth Sunday meeting of the churches in this county, which will be held Friday to Sunday, June 27-29, inclusive.

YOUNG COLLEGE STUDENTS ELOPE

From Tuesday's Daily.

Leaving Conway on the 6 o'clock train this morning, ostensibly to return to their homes, Henry Bateman of Clarendon, a Hendrix student, and Miss Stella Mae Bryant of Haynes, a

student in Central College, were married on their arrival in Little Rock by Rev. P. C. Fletcher. The elopement had been carefully planned and with the exception of a few intimate friends of the couple who assisted them in carrying out their plans, no one knew anything of their intentions. Miss Bryant appeared in the concert at Central last evening, and it is stated that she had previously secured permission to leave this morning for a visit to her home. It is also understood that the parents of neither of the young couple were aware of their intentions to marry. Mr. Bateman is a son of J. T. Bateman, a well known business man of Clarendon, who is one of the trustees of Hendrix College.

18,029 BALES IS FAULKNER'S CROP CENSUS BUREAU'S REPORT

GINNING IN COUNTY A DE-
CREASE OF 1,510 BALES FROM
PREVIOUS YEAR.

From Monday's Daily.

According to a report of the United States census bureau released for publication today, the total number of bales of cotton ginned, excluding lint, from the crop of 1911 in Faulkner county, Arkansas, was 18,029. This is a decrease of 1,510 from the ginning of the 1910 crop, which was 19,539 bales, and an increase of 3,390 from the ginning of the 1909 crop, which was 14,639 bales. The shipments from Conway this season already exceed by over 1,000 bales the total ginning in the county.

According to the bulletin, the total number of bales ginned in the state, counting round bales as half bales and excluding lint, was 908,014, comparing with 798,156 from the 1910 crop and 697,603 from the 1909 crop. Mississippi county, with 54,084 bales, had the largest ginning of any county in the state this season, the next largest being Crittenden county, with 42,905. Several counties in the state raise no cotton at all. The smallest number in any county in which cotton is ginned, was Newton, with 614 bales.

DATES FOR FAIR ARE ADVANCED

From Tuesday's Daily.

At a meeting of the directors of the Faulkner County Fair Association held in the office of Manager J. A. King last night, it was decided to advance the dates of the fourth annual fair to the second week in October, instead of the first week, which was the time of the three previous fairs. The fair will open on Tuesday, October 8, and close on Friday night, October 11. This will put the Faulkner county fair on the week between the White county fair at Searcy, October 1-4, and the Conway county fair at Morrilton, October 15-19.

Manager King was instructed to proceed to get out the annual catalogue, and a number of other preliminary matters was discussed at the meeting.

The residence of Rev. P. Zell on the Catholic church property is being repainted.

COL. ROOSEVELT TO SPEAK HERE WILL STOP AT CONWAY

FORMER PRESIDENT TO MAKE
SHORT SPEECH HERE SAT-
URDAY AFTERNOON.

From Tuesday's Daily.

Theodore Roosevelt, former president, will make a brief stop in Conway and speak from the rear platform of his special train Saturday afternoon between 3 and 5 o'clock. This information was received this afternoon by Cashier L. H. Pyle of the Bank of Conway, an ardent Roosevelt admirer, from J. A. Comer of Little Rock, president of the Arkansas league of Roosevelt clubs. The exact time and length of the stay of the distinguished visitor will be announced later.

As this will be the first time a man who has been president of the United States has ever stopped in Conway, it goes without saying that a large crowd will be present to greet Col. Roosevelt here.

Col. Roosevelt is scheduled to deliver an address at Wichita, Kan., on Friday night. He will leave Wichita on the regular train for Fort Smith, where a special train will be waiting for him. Col. Roosevelt will speak from his train at various stations in Arkansas along the Fort Smith road, and will arrive in Little Rock between 5 and 6 o'clock Saturday evening. He will remain in Little Rock until 12:45 o'clock Sunday morning.

Col. Roosevelt will speak at 8 o'clock Saturday night at the Auditorium in Little Rock. The building will be lavishly decorated for the occasion, and a number of brass bands will be engaged.

President Comer and other members of the Roosevelt Club will meet the colonel at Fort Smith and accompany him to Little Rock. At the Union station there he will be met by a committee of 200 members of the Roosevelt Club.

RECITAL AT CENTRAL AN ENJOYABLE EVENT

ORGANIZATIONS OF CENTRAL
AND HENDRIX PRESENT
FINE PROGRAM.

From Tuesday's Daily.

What is declared by many competent judges to be the finest musical entertainment ever presented in Conway, was rendered by the organizations of Central and Hendrix colleges at Central auditorium last evening, in the presence of a large audience. Nearly every number was enthusiastically encored, the Hendrix glee club being called back four times on its appearance. The program follows: Bugle Story, Lyric and Glee Clubs. La Czarina, Mazurka Russe, Central Orchestra. Give Me My Own Native Isle, Hendrix Glee Club. Violin Solo, W. G. Utermohlen. De Coppah Moon, "The Melopoeia." Hark the Trumpet, Hendrix Quartette.

Intermezzo (Cavalleria Rusticana) and Vision of Salome Waltzes, Central Orchestra.

I Hear You Calling Me, J. Abner Sage, Jr.

Away! Away! Hendrix Glee Club. The Vikings, Lyric and Glee Clubs.

S. S. CONVENTION AT RUSSELLVILLE

Several Conway people will attend the annual Arkansas Sunday school convention, which will meet at Russellville tomorrow and continue in session until Sunday night. Prof. S. C. Parrish of this city, former superintendent of the teachers' training department of the association, is on the program for an address Sunday morning. Dr. Hugh Cork of Chicago, Dr. R. P. Sheppard of Chicago, Dr. W. M. Wiggins of Texas and several other notable men and women from out of the state will be in attendance at the convention.

A rate of one and one-third fare for the round trip is offered by the railroads to those desiring to attend the convention, and about 500 visitors are expected to be present.

RESOLUTIONS OF RESPECT.

Once again the Great Ruler of the Universe has called from us one of our most beloved members, in the death of Brother Edward E. Robins, which occurred on the morning of March 25, 1912. Center Link lodge No. 75, I. O. O. F., lost one of its best and truest members.

Brother Robins was born in Ashley county, Arkansas, February 6, 1878, and came to Conway with his parents in March, 1893. After reaching his manhood he united with this lodge and has since then been one of its truest and best members. By his pure and upright life he endeared himself to his brethren of this lodge and all who knew him.

We cherish the memory of our de-

parted friend and brother, and to his bereaved mother, brother and sister we extend our sincere and heartfelt sympathy, and we hope that they may be reunited in that bright land beyond, where parting comes no more.

Our brother, fare thee well.
Thy mortal race is run,
And thou art gone to dwell
Beyond the setting sun.

Resolved, That a copy of this resolution be spread upon our minutes and that a copy be furnished the members of the bereaved family and the county papers for publication.

Respectfully submitted,
E. V. JOHNSTON,
J. R. DONNELL,
J. B. HIGGINS,
Committee.

ADVISES FARMERS TO USE FERTILIZER OVERCOME LATE START

DEMONSTRATOR SAYS CULTI-
VATION MUST BE RUSHED
THIS YEAR.

From Wednesday's Daily.

A liberal use of commercial fertilizer is urged by County Demonstrator S. B. Webb as a means of overcoming the late start the farmers have in their work this year. Mr. Webb has been ill for several days with rheumatism and left this morning for Little Rock for a few days' treatment, after which he thinks he will be ready to resume his regular work. Before leaving he asked the Log Cabin Democrat to convey this message to the farmers.

"I have investigated the matter and find that all the commercial fertilizers handled by local dealers are reliable," said Mr. Webb, "and farmers are perfectly safe in buying them. Of course, some are perhaps better than others and the character of land has much to do with the kind that should be purchased, but with their late start, it will pay to use any good fertilizer that will hasten the crop to maturity."

"Don't be in too big a hurry to plow," Mr. Webb said. "It is far better to wait until the soil is sufficiently dry, even if it does make you late getting your seed into the ground. Prepare a good seed-bed and in drilling in fertilizer cover it with a layer of soil, so that the seed will not come in direct contact with the fertilizer. Use at least 300 pounds of fertilizer to the acre, applying one-half of the amount before planting and the other half when the plant begins to square."

"Another thing I would impress again upon the farmers is to cut down their cotton acreage and raise plenty of feedstuffs. Don't think that the overflows in the Mississippi bottoms is going to make a short crop and a high price this fall. There overbowed lands will be richer than ever after the water goes down, and cotton planted as late as June 1 will make a big crop."

TEDDY TOO LATE TO SAVE THIS TOWNSHIP

Col. Roosevelt's brief stop at Conway Saturday afternoon will be a few hours too late to prevent a solid Taft delegation being sent from Cadron township to the Republican county convention, according to local Republican leaders. The former president is not expected to reach this city until late in the afternoon, and the Republican township meeting will be held at the courthouse at 3 o'clock. At that time 12 delegates to the county convention, which will be held here April 24, will be elected, and it is predicted that these delegates will be instructed for Taft, whose administration will be endorsed. Were the visit of Col. Roosevelt to precede the township convention, some doubt is expressed as to whether the meeting could be held in line for the administration, but, as it is, it is thought there will be no difficulty in securing a Taft delegation.

FIRE COMPANIES HOLD MEETING

There was a good attendance of the members of the Conway volunteer hose companies at the courthouse last night. A committee was appointed to draft by-laws for the organization and report at another meeting to be held April 25. It was decided to telephone the city council to install a telephone at each hose shed and arrange with the central office to answer these phones first in case of fire. A signal by the electric light plant whistle to show in which ward a fire is located when the alarm is turned in was agreed upon. After a series of short whistles for an alarm, the location will be designated by one long blast for the First ward, two for the Second and three for the Third ward. The companies decided not to elect captains, leaving them to be appointed by the chief, J. A. King, who will announce his selections in a few days.

1,312 PERISHED IN TITANIC DISASTER ONLY 868 WERE RESCUED

SURVIVORS ABOARD CARPA-
THIA INCLUDE FRAUEN-
THAL RELATIVES.

From Wednesday's Daily.

According to the latest reports from the terrible disaster of the sea, in which the mammoth liner Titanic was sunk after a collision in mid-Atlantic waters with an iceberg, only 868 persons were saved out of a total of 2,180 souls on board the ill-fated ship, these being mostly women and children. The rescued were only those who could be carried in the Titanic's 20 lifeboats, who were picked by the Carpathia, the first vessel to reach the position of the sunken ship. Wireless reports from other ships stated that they arrived "too late to be of service," thus causing the hope that others not in the lifeboats might be saved, to be abandoned.

The names of 328 survivors were sent by wireless from the Carpathia yesterday, since which time weather conditions have been such that the wireless messages could not be received. These names include Dr. and Mrs. Henry Frauenthal and Mr. and Mrs. I. G. Frauenthal, relatives of the Conway family bearing the same name, who, it was first feared were lost.

The following is an approximate statement of the Titanic disaster:

First cabin passengers, 325.
Second cabin passengers, 285.
Third-class passengers, 710.
Total number of passengers, 1,320.
Members of the crew, 860.
Total passengers and crew, 2,180.
Total number probably perished, 1,312.
Total number of known survivors, 328.

Approximately 20 lifeboats manned by seven members of the crew, each 140.

Total, 868.
Carefully compiling the available lists, the record of the named survivors of the disaster stands significantly thus:
Men, 79; women, 233; children, 16.
Total, 328.

Of the remaining 540 known survivors it is estimated that not more than 100 were seamen—required to man the boats. This would leave approximately 440, and in the ordinary proportions of women and children in the steerage, where the passengers in the Titanic's care numbered 710, it seems probable that the greater part of these 440 were women and their little ones.

Mr. and Mrs. J. H. Imboden and daughter are visiting friends and relatives in Little Rock today.

MANUALS FOR JUNE INSTITUTES ARE OUT

LAW REQUIRES ATTENDANCE
BY EVERY TEACHER FOR AT
LEAST ONE WEEK.

Little Rock, April 17.—State Superintendent Cook is sending to the various counties the manuals for the annual institutes, which are to be held in June. The law requires the attendance of every teacher for a full week, and unless licenses are properly endorsed each year for institute attend-

they are not valid, and the teacher cannot legally collect his salary. Superintendent Cook says:

"Institute work is of special importance at this time to the teachers of Arkansas. Conditions are rapidly improving throughout our public school system; particularly is this true of the rural schools. New laws govern the school administration, new opportunities for progress have been opened up, new studies have been added to the course of study, more practical methods of teaching are being called into practice, new responsibilities have been placed on the public schools and the teachers. The June institute offers peculiar opportunities for keeping abreast with local conditions."

FLOOD SITUATION IS STILL SERIOUS RELIEF OF THE REFUGEES

IS PROBLEM WITH WHICH OF-
FICIALS ARE CONFRONTED.
AID FROM GOVERNMENT.

Little Rock, April 17.—While some of the gauges report the river falling, the flood situation is not greatly improved in eastern Arkansas, according to advices received by Governor Donaghey. Tuesday he directed the Black Rock militia company to proceed to Jonesboro to take charge of the great army of negro refugees. He received a telegram from President O. N. Killough of the St. Francis levee district, to the effect that there was a slight fall perceptible in the river above Memphis, and adding: "This will close the series of daily bulletins unless something more develops. It is believed that no further disasters will occur in this district. Our entire attention is now directed toward caring for the flood sufferers. This board extends the deepest thanks for the unflinching support of the cities of the district in the battle with the unprecedented flood. To the railroads and telegraph and telephone companies is also extended sincere thanks. We are now calling on the government for assistance in closing the gaps to keep out the water from the annual June rise."

HOLLAND SCHOOL ENDS SUCCESSFUL SESSION

Holland, April 17.—The Holland public school closed Friday night. Prof. A. A. Parsons was principal and Miss May Wilmoth, assistant. The program was a very interesting one, consisting of dialogues, recitations and declamations. Prof. J. M. C. Vaughter of Naylor delivered a very able address on the necessity of an education, also delivered the diplomas to the graduating class. Those who graduated were Miss Flora Patrick, Messrs. John James, Phocion Tarlton and Wiley Jewelling. Prof. Parsons then delivered the medals in his room to Miss Nettie Smith for scholarship and to Miss Evelyn Barker for deportment. The medals in the primary room went to Miss Margaret McDonald for deportment and to Master Jennie Fleming for scholarship. Prof. C. D. Goode and class furnished excellent music for the occasion.

We are informed that Prof. Parsons will again teach for the good people of Holland next year, with Miss Blanche Wilson as assistant.

Mrs. E. F. Edwards returned this morning from a visit at Pottsville.

A Matter of Interest

The fact that we make a special feature of BANKING BY MAIL, should be a matter of interest to our many depositors and friends living at a distance. It means that we give the same close attention to your deposit by mail as though you came personally to the bank.

We acknowledge all remittances on the day they are received by us. We also mail a statement of your receipts and expenditures whenever you ask for it.

The way of Safety and Exactness in banking is simple and we invite you to write us.
