

DEATH ROLL IS COMPLETE

POSITIVE THAT AT LEAST 1302 LIVES WERE LOST WHEN THE TITANIC STRUCK GIANT ICEBERG.

ONE OF THE LATEST REPORTS IS THERE ARE ONLY 705 SURVIVORS

This Comes From the Cunarder Franconia Which Reports Being in Communication With the Rescue Ship and Would Mean a Greater Loss of Life—No Hope for John Jacob Astor, Major Butt and Other Notables in Disaster.

New York, April 17.—The roll of the saved from the Titanic disaster tonight seems complete. Practically every attending circumstance in the transmission of news from the Carpathia goes to show that only 328 of the 610 cabin passengers on the Titanic are safe on the rescue ship. The 232 cabin passengers whose names did not appear on the lists sent ashore yesterday by wireless probably must be conceded as among the 1,312 or more lives lost. Thousands of hopeful hearts were turned to despairing ones when the United States scout cruiser Chester sent a wireless ashore this afternoon that she is in communication with the Carpathia and asked for a full list of the first and second cabin survivors and that the Carpathia reported all the names had already been sent ashore. The remainder of the saved passengers were in the steerage and members of the crew.

From the Carpathia, which was approximately 600 miles from New York this morning and which, it is expected, if she keeps up the 13 knots an hour, will reach here by eight o'clock tomorrow night, came a new report of the number of survivors aboard.

Through the Cunarder Franconia, which established wireless communication with the Carpathia, came a message which included this statement: "She has a total of 705 survivors aboard." The previous statement from the Carpathia had been that she carried 888 survivors.

Communication was had with the Carpathia tonight through the scout cruiser Chester and the shore wireless station at Siasconset. Through the Chester came slowly the names of the saved passengers of the third cabin of the Titanic.

The very sending of these could but help confirm the fateful belief that there were no more names of the first and second cabin passengers to send. Thus was left the possibility that the names of well known men, such as John Jacob Astor, Wm. T. Stead, Isador Straus, Major Butt and Benj. Guggenheim could have been omitted in the transmission of names. That these men had gone down with the ship there remained hardly a doubt.

After more than one hundred names had been relayed by the Chester to the Newport station conditions made it impossible for the operators to read the wireless flashes. For this reason the operators on the cruiser suspended for a time and will resume later if conditions permit.

ANOTHER REPORT OF GREATER LOSS.
The Camperdown wireless station at Halifax today sent the Associated Press the following dispatch:

"We are now in communication with Carpathia and in position to announce officially that the Titanic struck an enormous iceberg and sank, over 2,000 lost; 700 survivors, mostly women, on Carpathia."

The attention of the Camperdown station was at once called to the obvious error in figures, which would give the total of lost and survivors at 2,700, whereas the total number of passengers and crew is about 2,200. In reply to this inquiry the following further explanation was received from Halifax: "The Marconi station reports that the Carpathia is relaying the messages from the Carpathia, says that the total number of saved is only 710. There is no list of missing on the Carpathia and only a rough estimate of her total passenger list. There probably were more than 2,200 on ship, as quite a number boarded her at Cherbourg."

The estimates of 2,200 on board the Titanic have embraced the sailings from all ports, including Cherbourg, as far as the company officials have been able to give the information.

ICEBERG THAT TITANIC STRUCK WAS HALF MILE LONG

Washington, April 17.—The iceberg which caused the Titanic disaster was one-quarter to one-half mile in length, rising 400 feet out of the water, according to the confident belief of government marine officers based on reports just received here. The British steamer "Core" reported the iceberg was seen in northern latitudes on March 31 and April 1.

LIST OF CABIN PASSENGERS SENT ASHORE COMPLETE

Washington, April 17.—The following telegram has just been received by the navy department from Commander Decker of the scout cruiser Chester:

"Carpathia states that list of first and second class passengers and crew sent to shore. Chester will relay list third class passengers when convenient to Carpathia."

The message is taken to mean that the list transmitted by wireless from the Carpathia to the station at Cape Race, N. F., through the Olympic, contains the names of all the first and second class passengers rescued.

CABLE SHIP HOPES TO RECOVER SOME BODIES

Halifax, N. S., April 17.—Carrying 117 coffins, a corps of embalmers and many tons of ice, the cableship Mackay-Bennet will leave here today for the scene of the Titanic's plunge. It is believed corpses of the Titanic's victims may be found near the place of disaster.

The cableship's mission recalls the disaster to the steamer La Bourgogne when a similar vessel was fitted out here to search the sea for dead bodies that time more than thirty bodies

Grim Visaged Statue of John Paul Jones, Great Commander, Unveiled

By Associated Press.

Washington, April 17.—The grim visaged statue of John Paul Jones, the first great commander of the American navy, moulded to show him as he stood on the deck of the "Bon Homme Richard" in her terrible fight with the "Serapis" off the coast of England more than 126 years ago, was unveiled here today. After a century of apparent indifference honor was paid to the memory of that Scotch-American who spread terror throughout England when she was mistress of the sea and who taught the world that the thirteen colonies had a right to a place along with the nations.

Most of the dignitaries in Washing-

ton were included in the plan to honor the memory of John Paul Jones.

President Taft and Gen. Horace Porter were the only speakers on the program. Geo. von L. Meyer, secretary of the navy, was given the place as presiding officer and to Admiral Dewey was assigned the task of pulling the cords that released the flags about the heroic figure.

In addition to the presence of the Dolphin and Mayflower, a touch of military pomp was added by both the army and navy. Practically all the available military force near Washington, more than 1,000 men, participated in the parade before the unveiling and passed in review before President Taft afterwards.

TO ORGANIZE A WILSON CLUB TONIGHT

Advocates of Woodrow Wilson for President of the United States Will Meet at Court House at 7:30—Local Speakers.

A Woodrow Wilson Club will be organized at the court house tonight, the meeting being called for 7:30 o'clock in the court room.

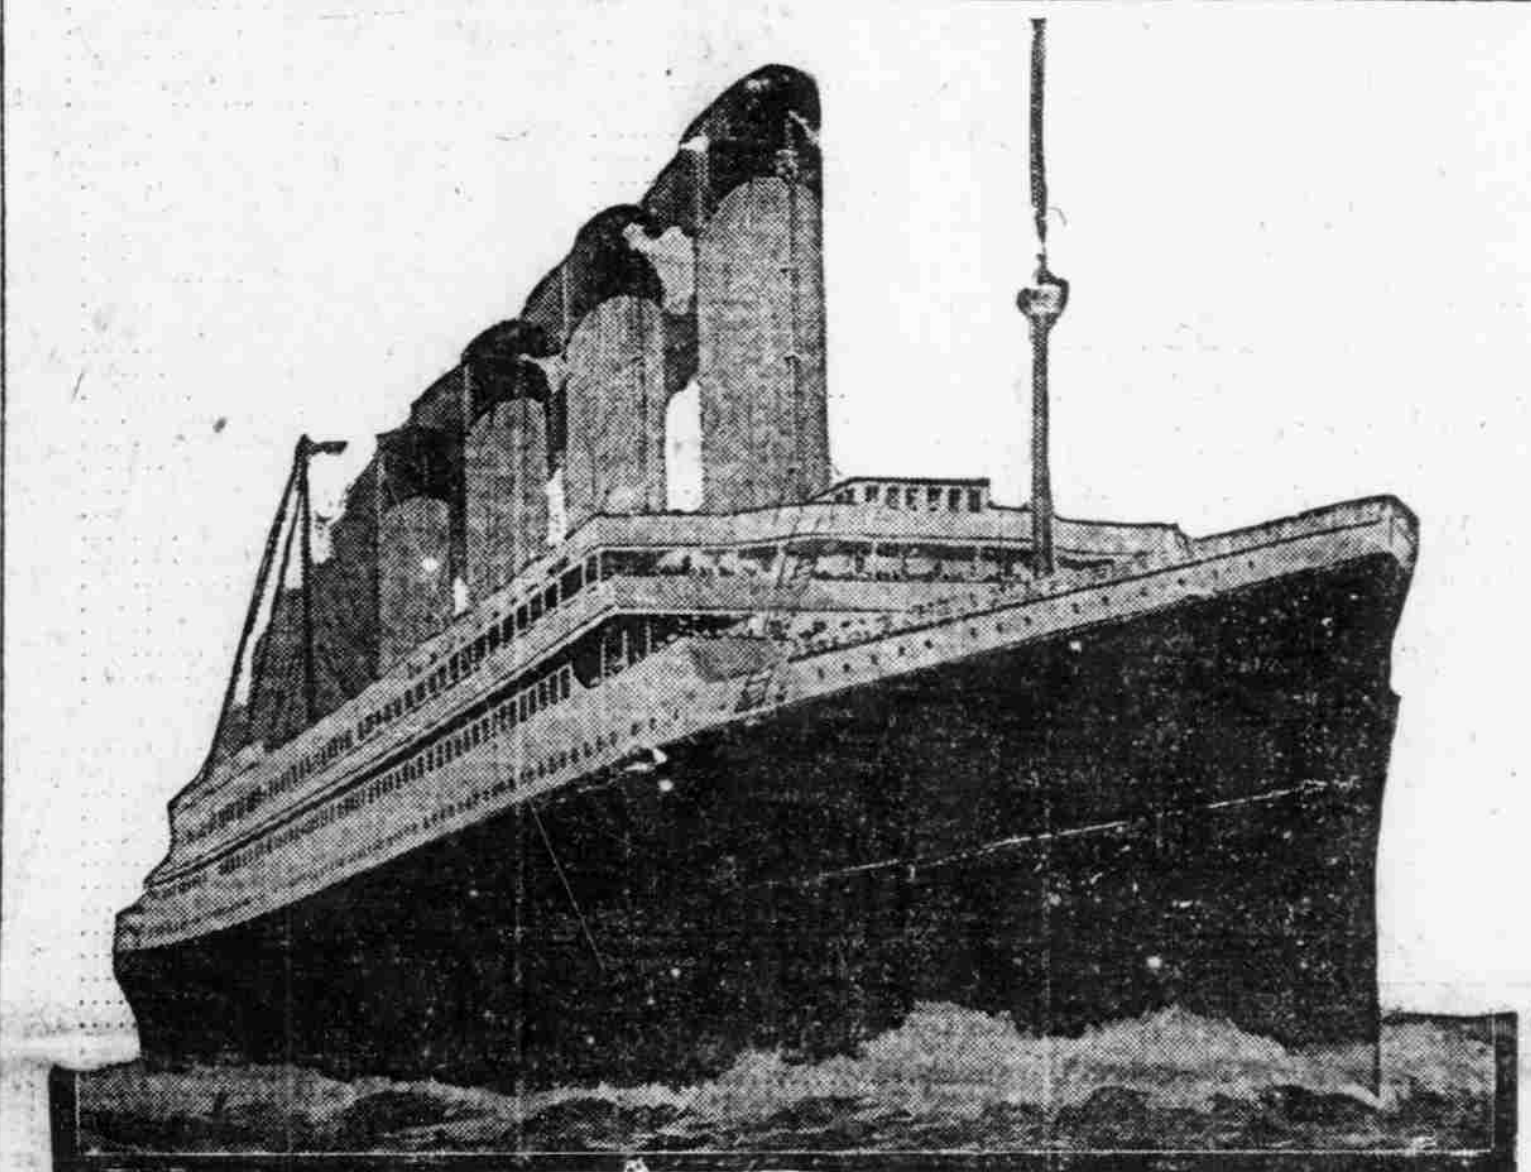

All democrats are invited to be present no matter whether they desire to become members of the club or not. No orator from abroad will be there, but a number of local Wilson men will make brief addresses and everyone will have a chance to be heard and an opportunity to participate in the organization of the club.

The Wilson boosters in Pensacola have no campaign "barrel" and consequently have no money with which to send out any paid runners to round up a crowd. Nor have they any money with which to hire the opera house or secure a brass band, but if enough people want to voluntarily contribute a dollar each until \$30.00 is secured, the band will be engaged for the occasion. Anyone who desires to contribute a dollar may leave it at The Journal office or at D'Alemberte's drug store before noon today.

The slump in Underwood stock in Pensacola the past two days has been so marked that it is doubtful if any more Underwood meetings will be called, but all Underwood men, or what there are left, are invited to attend the Wilson meeting tonight and to bring their friends.

The meeting will be at 7:30 o'clock in the court room at the court house. Be on time.

Mexico Makes Saucy Reply to the Note of Warning From Wilson

By Associated Press.
Mexico City, April 17.—Mexico replied to the note of Acting secretary Wilson tonight declining to assume responsibility for Rebel Leader Orozco's acts, denying the right of the Washington government to deliver the admonition contained therein, taking exception to the communication directed to Orozco through Consul Letcher, and deploring the making public of this communication in the same note to which the government was required to make answer.

The reply denies the right of the United States to admonish Mexico for the reason that it is not based on any justifiable incident, and denies responsibility by the constituted government for acts committed in the territory removed from law, and while accepting full responsibility for every loss and damage sustained by foreigners legally chargeable to the government, Orozco is held to be answerable for his offenses only to the Mexican courts, and therefore should not have been the recipient of a diplomatic communication.

INTERVENTION IN MEXICO BY THE UNITED STATES IS NOW INEVITABLE

Intervention in Mexico by the United States is inevitable and it will probably occur within a few weeks, said an American who is at the head of one of the largest mercantile firms in Mexico. He gave an interesting account of the situation there and the cause of the trouble.

Madero, he says, is giving the people a government which is honest and right, but the people are a hundred years behind what he is giving them and his army is liable to turn upon him at any time.

The Americans in Mexico City, he says, are in a dangerous position and they are liable to lose their lives and property any day because the American flag in Mexico means nothing to the rebels. The British flag, he says, is respected and Americans have been compelled to resort to placing the British flag over their places of business and homes.

WHY THE TROUBLE.
Trouble in Mexico will always continue until the wealthy people are made to quit financing the rebellions. Diaz built up a machine which supplied him with money and gave privileges in return and when these privileges were revoked by Madero they began to create strife. Practically every newspaper in Mexico and all of the leading ones were paid subsidies by the Diaz government and have done everything in their power to kill Madero's power.

Men who own millions of acres of land and are holding it for speculation were not compelled to pay taxes except on that part under cultivation and are financing the revolution and have deposited in American banks more than four million dollars to supply Pasquale Orozco with munitions of war. These property owners do not realize that intervention will mean the upholding of the present government and that they will have Madero's orders carried out.

OROZCO'S FORCES.
Pasquale Orozco, who was a candidate for vice-president, was put in charge of the rural guards by Madero and his forces were supplied with equipment, but instead of being true to the government he took his men with the government arms and began fighting Madero's government. Orozco has about four thousand men and is compelled to pay them every day or they would desert him, the American says. What the Americans in Mexico want, he says, is for the United States to prohibit munitions of war, which includes money and provisions as well as ammunition and arms, from being sent across the border. If this is done he says the rebellion will cease in a week. However, he says, Orozco says he will kill Americans if this is done and will thus force intervention.

DISCRIMINATING ACTION.
The merchant says the president's proclamation which ordered all Americans in the danger zones of Mexico to make inventories of their property and turn them over to the nearest American consul and vacate the danger zones

JUDGE RECEIVES ANONYMOUS LETTERS

Presiding Officer in Trial of Rev. J. Frank Norris, of Fort Worth, is Being Threatened.

By Associated Press.
Fort Worth, Tex., April 17.—The trial of Rev. J. Frank Norris, of the First Baptist church, charged with perjury, adjourned today until tomorrow because of the death of C. J. McKenna, auditor of Tarrant county.

Counsel for the defense expected to call Mrs. Norris to the stand today and it is probable she will be called tomorrow.

Judge Simmons, who is sitting in the Norris case, said today he had received many anonymous communications since the trial started, several of them containing threats regarding his "political future."

Judge Simmons said his opinion is that the threats were written by fanatics.

GOV. WILSON IS TOURING GEORGIA

The Progressive Candidate For President of the United States Will Spend a Week in State.

By Associated Press.
Atlanta, Ga., April 17.—Gov. Woodrow Wilson left here at 8 o'clock this morning on his tour of the state. He spoke from his train platform at a dozen Georgia towns. The tour will last all week.

MAYOR R. E. SMITH FINES HIMSELF

Dismisses Man With Whom He Fought in Huntsville and Fines Himself \$10.

By Associated Press.
Huntsville, Ala., April 17.—Mayor R. E. Smith this morning fined himself \$10 for his part in a fight yesterday with Editor J. E. Pierce, of the News, over an editorial. The case against Pierce was dismissed.

LEVEES BREAK IN SEVERAL PLACES

Flood Conditions are Growing Worse With Each Day and Thousands of Acres are Inundated.

By Associated Press.
Vicksburg, Miss., April 17.—The Arkansas river levee, 15 miles north of Vicksburg, collapsed tonight. A gap two hundred feet wide was torn in the dike and the water, which will eventually join with that coming through the crevasse at Panther Forest, Ark., is rapidly flowing through the breach. Arkansas City is the only town of importance in the pathway of the flood.

Greenville, Miss., April 17.—The Mississippi river levee four miles south of Beulah, Miss., and about forty miles north of here, broke late tonight and the water is coming through with a rush. Before it finds an outlet through the Sunflower river the flood will sweep over practically all of the Bolivar portions of Sunflower, Washington, Issaquena and Sharkey counties.

FORMER CLARK MAN WILL NOT STAND FOR THE FRAME-UP IN FLORIDA

WILSON HAS 82 UNDERWOOD 36 IN STRAW VOTE

Sentiment Everywhere is Against Substitute Candidate.

DEMOCRATS OF THIRD CONGRESSIONAL DISTRICT ARE OUTSPOKEN IN THEIR SUPPORT OF THE NATION-WIDE CANDIDATE—TWENTY BALLOTS RECEIVED YESTERDAY SHOW 9 FOR UNDERWOOD AND 11 FOR WILSON.

The receipt of 20 more straw votes from over the third congressional district yesterday made a little better showing for Underwood than previous votes have shown. Of the 20 votes, nine were for Underwood and 11 were for Wilson, though it is seen that the substitute candidate is still in the minority. The total vote to date shows:

Underwood	35
Wilson	25
Total	118

The 20 votes received yesterday came from Holmes, Walton, Jackson, Washington, Wakulla, Leon, Calhoun, Jefferson and Madison counties.

In Holmes county, J. G. Sawyer is for Underwood while B. F. Hathaway and J. W. Richardson are for Woodrow Wilson. Mr. Richardson writes: "I am for Wilson and I believe a majority of this precinct is for him."

N. S. Townsend of Walton county votes for Underwood while J. H. Richardson and John F. Grice are for Wilson. Mr. Grice writes: "I think Woodrow Wilson will be in the lead in this section."

W. S. Jones of Washington county is for Wilson, an unsigned vote from that county is for Underwood, and J. M. Sapp, the well known attorney of Chipley writes: "Please record my name as a supporter of Woodrow Wilson. He is evidently the man for the people to elect to the presidency of the United States and if the matter could be left to the whole people I believe his election would be certain. Wilson seems to be leading by a good majority in this part of West Florida."

Jackson county sent two votes for Underwood. One was unsigned and the other was from M. B. May, who writes: "I am for Underwood because he is a southern man, because the south furnishes the electoral votes, and because I think he is the best man."

Chas. Burke of Calhoun county writes that his precinct "will go for Woodrow Wilson with Mayes and Griggs as delegates to vote for Wilson as long as he has a chance."

Lewis S. Crump of Leon county votes for Underwood. Another vote from that county is unsigned but is for Underwood.

A. B. Kiser of Madison county is for Woodrow Wilson.

R. H. Sauls of Jefferson county is for Woodrow Wilson and he writes: "I will ask all of my friends to vote for Wilson as well as for Mayes and Griggs."

F. M. Nelson of Washington county writes The Journal as follows: "I am glad to see so many supporting Woodrow Wilson. I am for him to the finish and I think everyone in my district is for him. Am doing everything I can to help him out in this section."

John R. Thompson of Washington county writes: "It gives me great pleasure to vote for Woodrow Wilson. He is a great man. I do not mean to say that Mr. Underwood is not a great man too, but Wilson can WIN in the general election."

No such revolt against the attempted DELIVERY, by a few men of the voters of Florida, has ever been known in the political annals of the state and it is a safe prediction, to say that Woodrow Wilson will carry Florida by an overwhelming vote. Bossism and all convention methods lost their hold when the primary election system was adopted.

A. D. Carmichael of Chipley Says He is Now For Woodrow Wilson.

ALSO SAYS THAT INDICATIONS IN HIS PART OF WEST FLORIDA ARE THAT WILSON WILL CARRY IT BY VOTE OF AT LEAST THREE TO ONE—CONDEMNS SCHEME OF THE ALLIES.

Special to The Journal.
Chipley, April 17.—One of the strong men of Washington county is A. D. Carmichael of Chipley. He is a keen observer of political events, and he is thoroughly disgusted with the attempt to deliver over to any special candidate or interest the votes of the sovereign democrats of Florida. To a Journal representative, Mr. Carmichael addressed himself as follows:

"Under the circumstances I shall have to declare for Woodrow Wilson for president. It is my purpose to vote for him and the Wilson delegates on April 30. I was originally for Clark and would have voted for Clark had he been placed on the ticket, but I am against the political combine to use Mr. Underwood as a sectional candidate in a few southern states today on the exclusion of Clark and Harmon for the purpose of beating Woodrow Wilson and I shall place my stamp of disapproval on the scheme as laid as I can. Indications are that this part of West Florida will go for Wilson three to one."

Mr. Carmichael is not the only prominent Democrat in this section who refuses to be delivered over.

AMERICANS QUIT WORK IN MEXICO

Walkout of Engineers and Conductors Complete on Northern and Gulf Divisions of Railways.

By Associated Press.

Laredo, Tex., April 17.—The walkout of American engineers and conductors was complete today on the entire Northern and Gulf divisions of the Mexican National railways. No serious disorder was reported. Without exception the Americans are reported to have joined the strike.

The Americans chief demand was to control the percentage of Mexicans who should be allowed to work as conductors and engineers.

A reliable report from Monterey says several Mexican engineers tried to force an American conductor named Van Arsdale and an engineer named Harris to quit "Cruza Madero." This they refused to do. They were not molested. One newly appointed Mexican engineer broke into tears at the Americans' walkout, telling his companions the Americans were their best friends and that he went with them.

Yesterday many of the Americans were locked out in anticipation of today's action. Some of them reached the American border today only by paying the ransom of a few dollars. Americans have worked for a quarter of a century on the Mexican lines.

END GAMBLING IN COTTON FUTURES

Despite Opposition by Various Boards of Trade House Committee Will Favorably Report Bill.

By Associated Press.

Washington, April 17.—Despite opposition by various boards of trade, the house committee on agriculture today voted to make favorable reports on bills designed to end gambling in futures on cotton and grain.

Two measures were reported, one by Representative Beall of Texas, Democrat, dealing with cotton, and the other by Representative Leever of South Carolina, Democrat, relating to corn, wheat and oats.

The report on the cotton bill was unanimous. Two members voted against the grain bill and the southern members refrained from voting upon it.

The bills, which virtually are alike, would provide that dealers who contract to sell must swear that the commodities sold actually were in existence.

Messages relating to deals could not be telegraphed, telephone or mailed until the affidavit so required was made.

Violations of the law would be punishable by imprisonment and heavy fines.

Arrests Continue as Result of the Suspension of Teutonia Bank

By Associated Press.

New Orleans, April 17.—Further investigation into the affairs of the suspended Teutonia Bank and Trust Company, which failed to open for business Monday, resulted last night in the arrest of A. Wagatha, vice-president and former cashier, on charge of receiving deposits knowing that the bank was insolvent. He furnished \$10,000 bail.

Lugene F. Buhler, president, was arrested twice yesterday, four times in all. He is out under \$45,000 bail to answer two charges of embezzling \$6,500 and \$8,500, making false statements and concealing the condition of the bank and receiving deposits knowing of its insolvency.

Joseph E. Gomilla, director and chairman of the finance committee, made another trip to the jail yesterday and decided to stay rather than furnish \$55,000 bail. He is held on six

charges, two embezzlement, making false statements and concealing conditions, and three for forgeries of approximately \$14,500. All the officers are prominent in financial and social affairs.

Frank J. Braud, former cashier, charged with embezzling \$60,000, is in jail in default of \$50,000 bail. Emile C. Roehl, W. S. Rogers and P. E. Leves are here as material witnesses. Braud could not make \$1,000 bond. Roehl and Rogers gave bond. Thousands of dollars were received into the vaults of the tottering institution Friday and Saturday. The amount due from banks and bankers is put at \$98,065, upon which little will likely be realized as the Teutonia's bills payable will total \$250,000. Of this amount \$110,000 is due the National Park Bank of New Orleans, \$105,000 the German-American National Bank, and \$35,000 the Whitney-Central National, the last two of this city.
